Subject: Expansion of List of Herbicides Available for Use in Aquatic Habitats in R6

To: Forest Supervisors:

The aquatic formulation of amazpyr (named **Habitat** by BASF) has been added to the list of approved herbicides for use in R6 as of the date of this memorandum. **Habitat** complies with standard 18 of the Pacific Northwest Region Invasive Plant Programmatic ROD. "Use only adjuvants (e.g. surfactants, dyes) and inert ingredients reviewed in Forest Service hazard and risk assessment documents such as SERA, 1997a, 1997b; Bakke, 2003."

Please ensure staff and partners are aware of this information.
